SURROGATE SPOTLIGHT

This month we would like to introduce:

Arlene

I decided I wanted to become a surrogate after having my second child. I enjoyed being pregnant but I also didn't want anymore kids of my own. Soon after I came in contact with Conceptual Options and the rest was history. It was wonderful to see an amazing team of people working together to help create families.

I was matched with the sweetest couple, and on January 19th I delivered their beautiful baby girl they so highly anticipated. The entire experience was so rewarding that nine months almost didn't feel like enough time to enjoy it all. When I saw that baby girl for the first time I knew this was what I was meant to do I couldn't have done it without the love and support of my friends, family, of course conceptual options and I cannot wait to do it again.
