CONCEPTUAL OPTIONS' MARCH SURROGATE SPOTLIGHT IS:

Jennifer

My name is Jenn and I'm a 31 year old mama to two amazing kiddos. My husband and I had our own journey with male factor infertility before we were able to conceive our children. Our difficult journey to parenthood left me with tremendous sympathy for all those who deeply long to be parents themselves. Once we knew our family was complete, the timing felt right to pursue surrogacy as a way to help another family in such a profound way.

Before selecting Conceptual Options as my agency, I did quite a bit of research and interviewed multiple companies. When I spoke to Renae (my first point of contact at CO), I knew that I'd found my agency. She answered all of my questions (and there were many of them), shared her experience and made me feel so at ease from day one. Stella, Melanie and Raina all made me feel so supported and encouraged throughout my journey and were always quick to answer any questions that sprung up.

I matched with wonderful Chinese IP's. It amazes me that they were total strangers just over a year ago and have since become dear friends of ours. I loved learning more about their culture, country and traditions during our journey together. We were thankful that our first embryo transfer was successful, resulting in the birth of a healthy baby girl December 2019. Now that they've returned home, I cherish every photo, video and update I receive (I know how busy life can be with a newborn!). They've invited us to come visit this summer and my family is very much looking forward to that!

In summary, I'm so grateful for Conceptual Options and their guidance throughout my first surrogacy. I'd be honored to work with them in the future - should my IP's like my help with a sibling journey. It was one of the greatest honors of my life to help bring a child into the world for such a wonderful couple. Seeing the love in their little family melts my heart and brings me unfathomable joy!
