SURROGATE SPOTLIGHT

This month we would like to introduce:

Rosa

15 years ago I wanted to give the gift of life and become a Surrogate. At this time my husband and I decided to wait until we completed our family. In November of 2015 I had my first Surrogacy delivery, a baby girl at 7.14lbs healthy and a full term delivery. My IP was at the delivery and during my 4 laboring hours he told me all about his journey to becoming a father. I will never forget the excitement and emotion I saw in his eyes while cutting the baby's umbilical cord. His tears of joy made me feel proud and accomplished.

Although I thought I was done, in March of 2018 I had my second surrogacy delivery of a healthy baby girl at 7.7lbs. These IPs' were very involved during the pregnancy. I had the opportunity to share the entire pregnancy journey with my IPs' who were always excited to hear all about their little angel's milestones. I was very excited to be part of another beautiful moment at delivery. My IPs' cuddling and admiring their bundle of joy....Unforgettable! Both experiences were unique and I am very fortunate to have been able to help complete two amazing families.

I've had the pleasure of working with this wonderful agency...Conceptual Options! This would not have been possible without **ALL** the hard working staff at CO! Everyone in this company plays an important role in each journey. Since this is my last surrogacy I wanted to thank each and everyone of you for your help and guidance in my journey. XOXO

Happy Mother's Day!
